

4 LOOP

INTERIOR DESIGNS & FITOUTS

About Us

4LOOP is a company Registered in Dubai Looking to emerge as a prominent Interior Contracting Company that provides Skill, Expertise Experience and Resources to meet demands of today's fast track fitout projects. Innovative workplaces motivate a team to perform its best. Beautifully designed homes exude luxury and panache. Tastefully created community spaces are welcoming and warm. A good design Inspires one to imagine, Aspire and Achieve. We push the Envelope to provide modern day clients with a truly invigorating environment.

The deep rooted expertise in engineering field with the backup of a team blended with experience and dynamism ensure optimized solutions with international quality standards and site handover in desired time frame. 4Loop is behind creative interior solutions (shell and core, refurbishment, and more) for restaurant, healthcare, commercial, hospitality, and residential projects. Interiors not only have the power to alter moods and behavior.

Our Mission

With a collective experience started many years back, Four Loop mission is to be Pre-engineered Interior solutions to provide fast response, cost savings, low maintenance cost, and longer operating life of all project conditions and requirements

Our Vision

We seek to become the leading company in the Middle East by executing projects in a safe, timely and quality-oriented manner, thus emerging as the most preferred solutions provider for our clients.

Our Goals

The goal of these services is to provide a measurable improvement in a Client's facility and/or building asset within the following pre-determined criteria: Creative design | Efficient and effective planning | Attention to details with quality materials | Application of sustainable design principles | Long-term investment value

CONSULTATION AND DESIGN

Attention to detail, open and collaborative communication is what we thrive on while designing with professionals having good industry knowledge. Equipped with design partners skilled in the preparation of local authority approvals like Dewa, Civil Defence and Municipality works.

- Complete retail MEP drawing preparation.
- Dewa submission and DCD submission drawings.

FITOUT CONTRACTING

4Loop Interiors Dubai, offers a friendly Office Interior Design, fit-out and renovation service that focuses on detail, efficiency, and design to help our clients space management creatively.

We are well-versed in the field of interior design & Fitouts services. We've put together a fantastic team to help you with everything from initial concepts to building appraisals, project scheduling, construction, and moving you in. We'll use our experience to help you with your office design. From partitioning, flooring, and ceilings to joinery, lighting, electrics, and air conditioning, we cover it all. We specialize in providing a complete turnkey solution that ensures innovation and functionality in the office space while staying within the firm's or consultancy's budget and timeline.

MEP SERVICES

Our MEP team provides a full design and installation service with packages of work covering all Mechanical, electrical and data infrastructure installations. Supporting principal contractors with various sizes of projects, our interior designer company of specialists prides themselves achieving target programs on time and within budget.

We are experienced in all types of MEP: Mechanical, Electrical & Plumbing related to Interior projects, our team of experts and partners give the client peace of mind when dealing with such technical expertise and discipline.

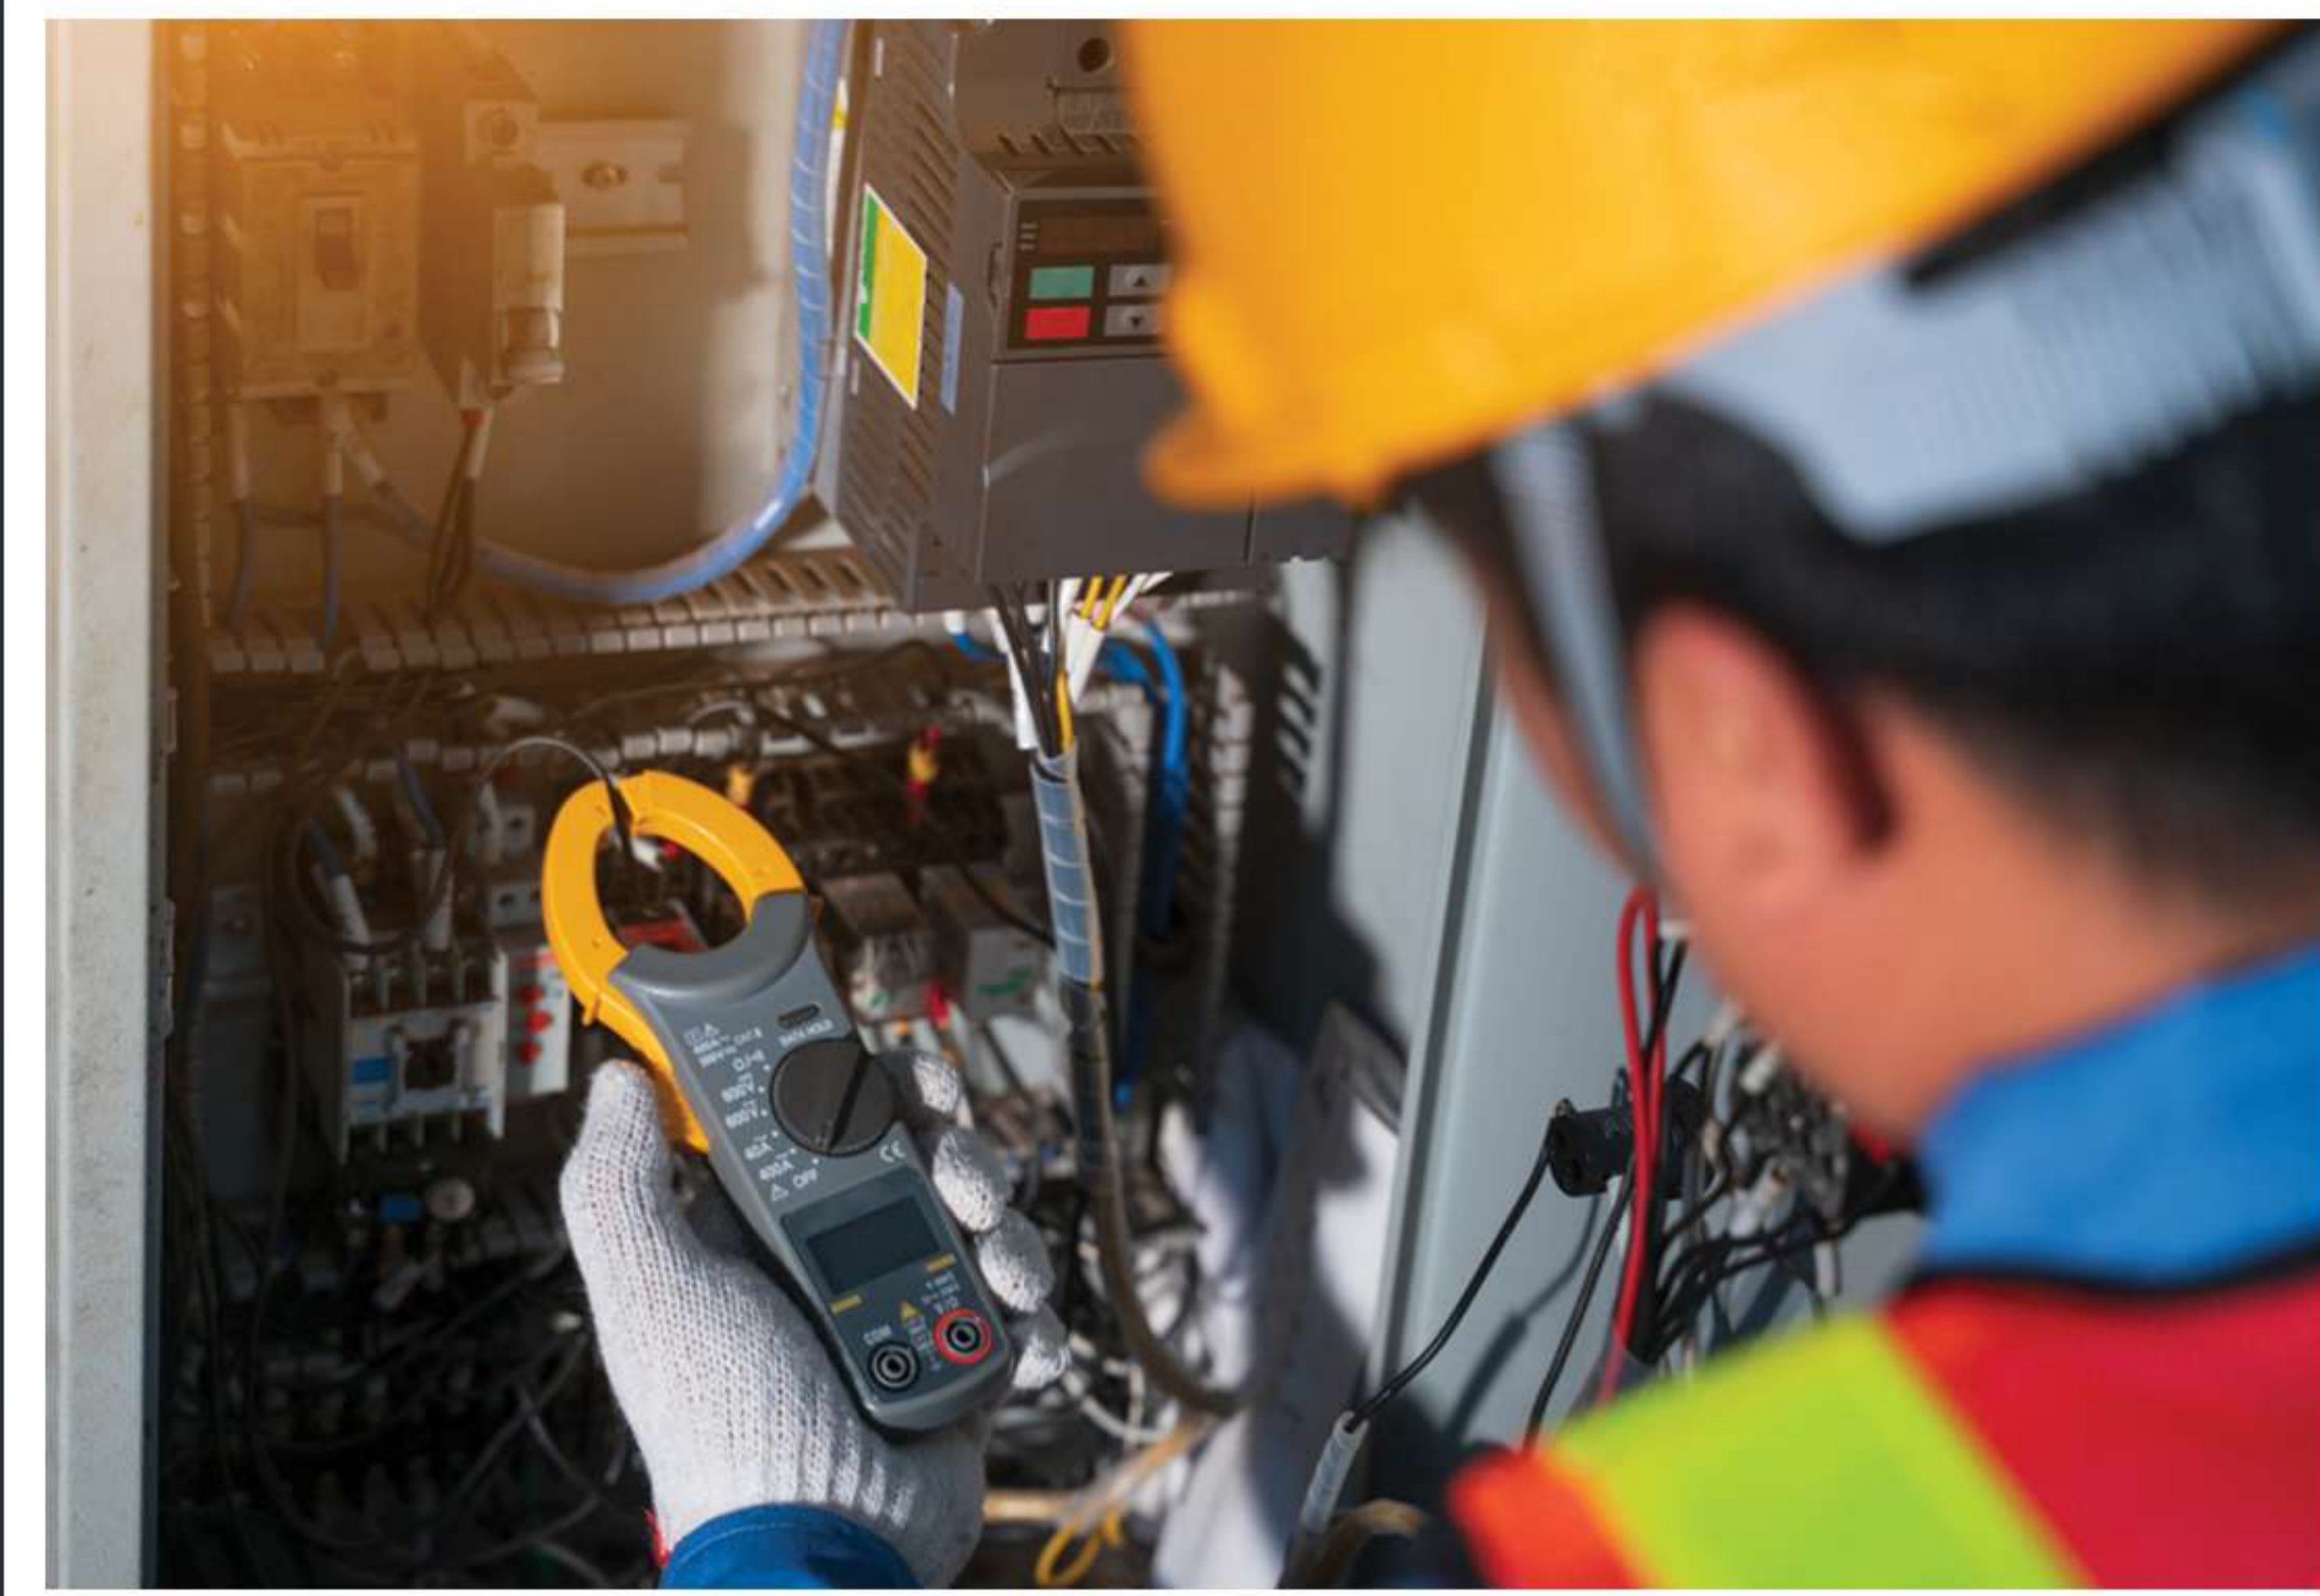

Our principles in MEP are implemented in our design at the early stage where early detection is necessary to perform an MEP build suitable and fit for purpose as per client operations. We take pride in our MEP design and reflect this on the Architectural package to coordinate between the technical side and the decoration.

FIRE AND LIFE SAFETY

- Supply and Installation of Fire Alarm systems that include Smoke detectors and heat detectors with commissioning works complete with procurement of FACPs and 24x7 Direct Alarm system panels.
- Supply and Installation of Firefighting sprinkler systems, ZCVs and Auto DCP sprinklers, Fire Hose Reel works and Fire Extinguishers.
- Voice evacuation system installation and testing.
- DCD approved emergency and exit light installation and commissioning.

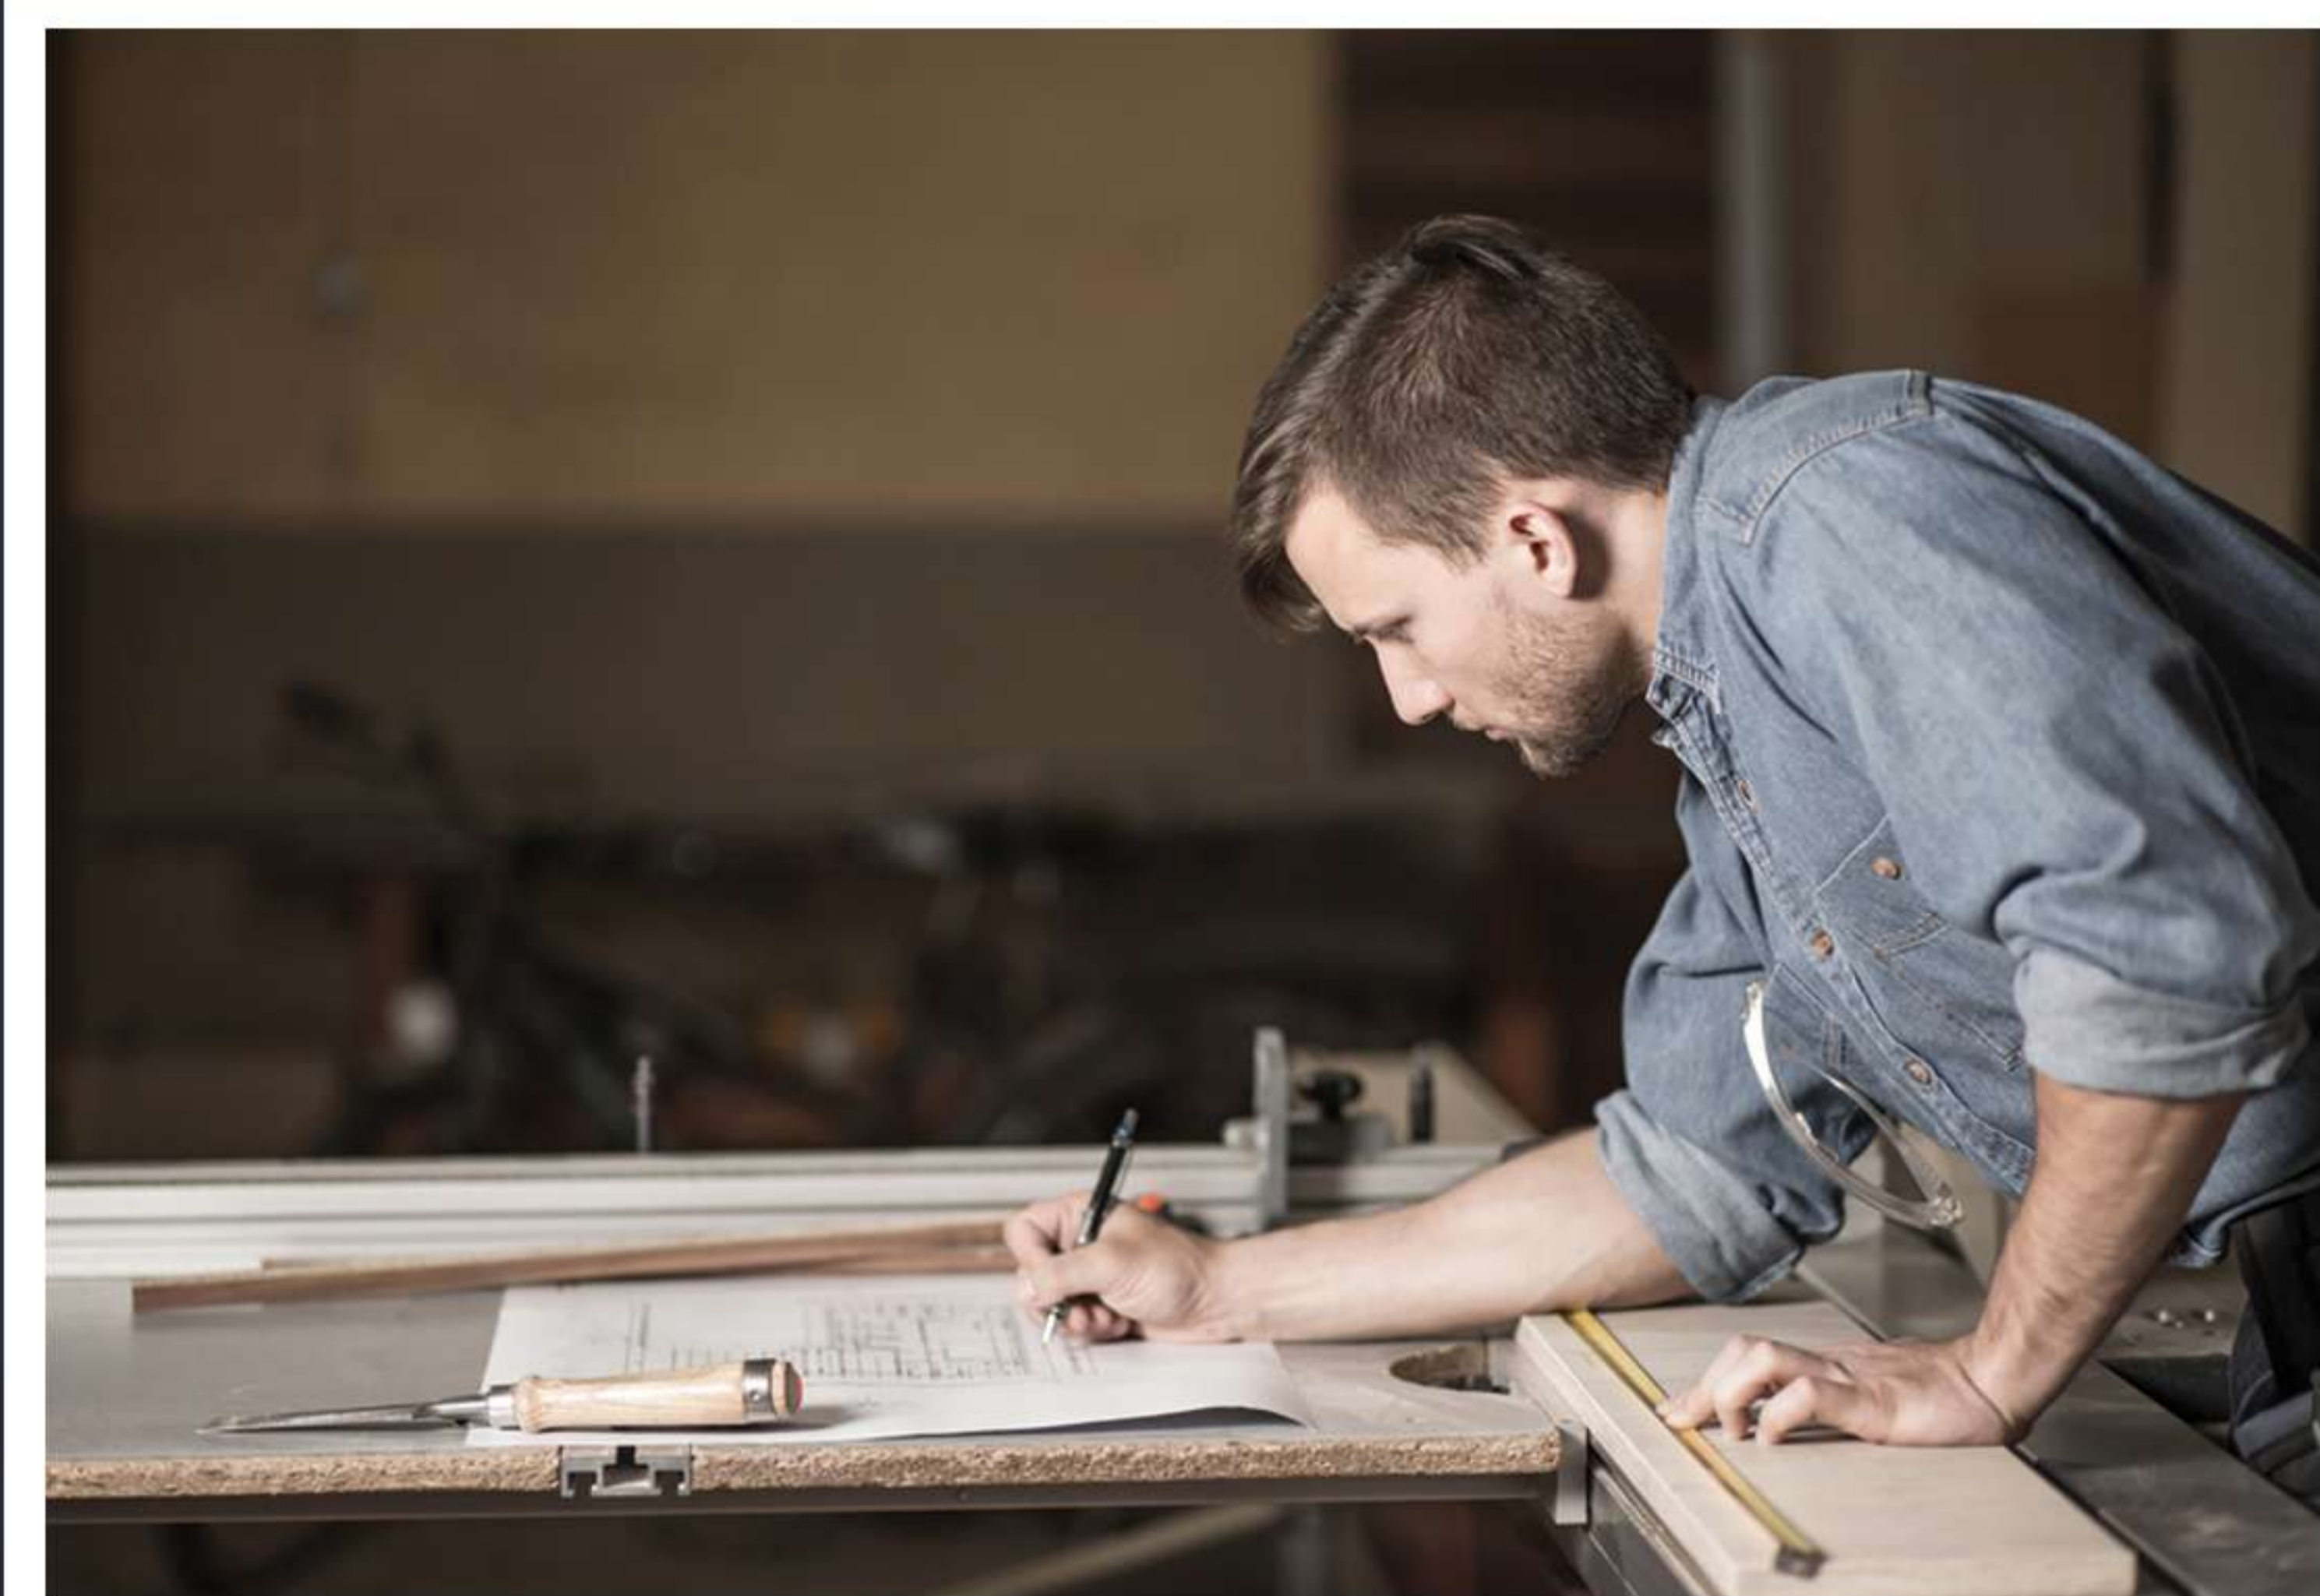

LOW CURRENT SYSTEMS

We are associated with low current system distributors ensuring Integrity of systems and protection of your assets.

- Data and voice works.
- CCTV Works.
- Anti-theft systems and People counting works.

JOINERY & FURNITURE

Our Interior Designers professionals who know joinery and woodworking intimately. We take pride in delivering bespoke joinery work the way it should be done and our clients repeatedly come back to us because they want quality in their build and an end product that stands up to the wear and tear of time. Joinery section has a full fledged joinery with skilled carpenters, painters & supervisors, who can execute any medium to large scale interior joinery works.

PROJECT MANAGEMENT

4LOOP co-ordinate every aspect of your project from architectural plans to exterior design, landscaping, and everything in between. Becoming the central point of communication, we act as the link between our clients, our interior design consultants and any other parties involved in your build; delivering a flow of pertinent information from general updates to monthly financial reports, from pre-planning to after-care.

We are experts at adherence to schedules and budgets and efficient site management, critical elements to deliver a confident, reassured service to achieve the best results with the design you desire and the quality of workmanship we expect. The focus of our dedicated project managers is to ensure your fit out project is seamless and worry free, which means you can sleep soundly at night and continue to focus on your own business without distraction. The technical and construction team supporting your project work tirelessly to ensure that the quality of all materials and workmanship are of the highest standards.

Delivering your project on time, to cost and to the highest quality in an efficient manner and with minimal disruptions to your day-to-day life is a tall order.

Our Experienced Designer And Engineers Deliver the highest quality aesthetics, innovative solutions, and interior design solutions that are both functional and sustainable
